

PRO-LOCK®

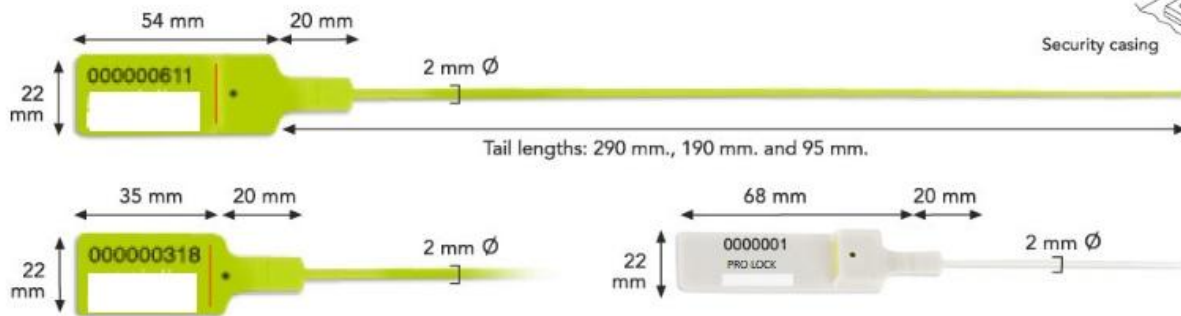

Usage

Latest generation of high-security adjustable strap-type seal.

- To prevent tampering, this high security seal houses the metal insert in a separate casing which is then welded into the locking chamber.
- Ideal for the meat sector (hams, carcass, pieces,...), chemical sector (1000 l. containers) silos, airline trolleys, emergency doors, ATM cassettes....
- Heat stamped, standard or digital, with consecutive numbers and company name/logo. Possibility of laser bar code marking on the large flag.
- Wide range of colours and specialised versions.
- Highly resistant to temperature changes.
- Three tail lengths available and two flags. Tail diameter is 2 mm.
- Material: Polypropylene or Nylon.

ITEM	FEATURES	DIMENSIONS	COLOURS	PACKAGING
